ISO 14713-2:2009 provides guidelines and recommendations regarding the general principles of design which are appropriate for articles to be hot dip galvanized for corrosion protection.

ISO - ISO 14713-2:2009 - Zinc coatings — Guidelines and ...

EN ISO 14713-2 lists a variety of such products including oil, grease, paint, welding slag, labels, glue and marking materials. In addition, if oil based or silicone based weld anti-spatter sprays are used they may burn onto the steel surface resulting in uncoated areas. Silicone free sprays (water based or water soluble) are preferred.
