China ' s investigative reporters once provided rare voices of accountability and criticism in a society tightly controlled by the ruling Communist Party, exposing scandals about babies sickened by...

' We ' re Almost Extinct ' : China ' s Investigative Journalists ...

The situation of investigative journalism in China is precarious. There are serious pressures from both the party-state and advertisers that have reduced the opportunities for this kind of journalism. On the other hand, investigative journalism has proved a very important tool in the economic development of some newspapers, and has been integrated into their organizational structure as well as providing what might be termed a professional ideology for journalists.

INVESTIGATIVE JOURNALISM IN CHINA TODAY: Journalism ...

Investigative Journalism in China. Book Description: Despite persistent pressure from state censors and other tools of political control, investigative journalism has flourished in China over the last decade. This volume offers a comprehensive, first-hand look at investigative journalism in China, including insider accounts from reporters behind some of China's top stories in recent years.

Investigative Journalism in China: Eight Cases in Chinese ...

Chinese journalists have long operated in an extremely restrictive media environment, but conditions for investigative journalism and liberal commentary in particular have deteriorated since 2013. That year, journalists at the respected newspaper Southern Weekly held protests in defense of press freedom but ultimately failed to curb censorship at the outlet.

International Consortium of Investigative Journalists - ICIJ

The practice of investigative journalism in China experienced a brief heyday in the late 1990s and early 2000s, when the media gave risky scoops by intrepid reporters some room in order to gain audiences. But that experiment soon ended, and investigative journalism has been on the decline ever since.

About this book. This book examines how the news media in general, and investigative journalism in particular, interprets environmental problems and how those interpretations contribute to the shaping of a discourse of risk that can compete against the omnipresent and hegemonic discourse of modernisation in Chinese society. Show all.

Investigative Journalism, Environmental Problems and ...

Journalism in general- and investigative journalism in particular- is experiencing a very difficult time in China. I would say probably the most difficult time since the 1990s. This difficulty has become obvious since Xi Jinping came to power and is shown not only in the rapid drop in the number of influential investigative reports but also in the closures of investigative reporting teams across China.
