Rank higher in search results with this guide to SEO and content building supremacy Google is not only the number one search engine in the world, it is

also the number one website in the world. Only 5 percent of site visitors search past the first page of Google, so if you're not in those top ten results, you are essentially invisible. Winning the Game of Googleopoly is the ultimate roadmap to Page One Domination. The POD strategy is what gets you on that super-critical first page of Google results by increasing your page views. You'll learn how to shape your online presence for Search Engine Optimization, effectively speaking Google's language to become one of the top results returned for relevant queries. This invaluable resource provides a plan that is universal to any business in any industry, and provides expert guidance on tailoring the strategy to best suit your organization. Coverage includes an explanation of the mechanics of a search, and how to tie your website, paid ads, online reputation, social media, content, images, and video into a winning SEO strategy that pushes you to the front of the line. The Page One Domination strategy incorporates all the ways in which you can beef up your Internet presence and online reputation. This book is a clear, straightforward guide that will knock down the silos of the Internet and teach you exactly how to integrate all aspects of content creation into a synergistic, SEO strategy. Understand how search engines return results Design an effective, all-encompassing SEO strategy Create the content that gets page views and improves rank Optimize social media and video as part of an overall SEO plan The rules of SEO are always changing, and following outdated rules can actually work against you, burying you at the bottom of the pile. This book will spark a paradigm shift in how you think about SEO and gives you the tools you need to craft a strategy tailored to your specific market. To be successful, you need to be on page one of Google, and Winning the Game of Googleopoly can show you how to get there.

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.

Provides a guide to the Mercury outboard motor, featuring step-by-step illustrated procedures, trouble-shooting, and wire diagrams.
